

## FABRIC SELECTION

At Sofa Bed Specialists, we know choosing the right fabric is a big decision. With thousands of options available, it can feel overwhelming to know where to start.

Our Australian-made sofa beds can be custom made in your choice of upholstery fabric from trusted suppliers such as Warwick, Zepel, James Dunlop, Mokum, Wortley, and Profile.

Our friendly team are here to help guide you through the fabric selection process. We can also post you fabric samples directly to your location within 7-10 business days.

Fabrics are colour-coded into price grades, starting with Orange grade as the most affordable option. Contrast piping and pattern fabrics incur an additional cost for the extra metres required.

Here are some popular fabrics our instore team recommend:
