**CARE INFORMATION:**

Recommended Pelle Care Product : Pelle Supreme Leather Care Kit - Semi Aniline/Finished

Caring for Wortley Leather: Leather is a natural material with pores and hair follicles. Each type of leather has a different degree of porosity. Being porous however means that leather will absorb every day soiling such as perspiration, dust, grime and body oils. If not removed regularly, this soiling will cause premature leather wear including surface damage and discoloration.

Use the appropriate Pelle Leather Care products as per instructions to care for and maintain the leather.

- Ensure your furniture AVOIDS the following conditions :
- \* Prolonged exposure to direct sunlight
  - \* Any heat source (ie radiator or heater)
  - \* Sharp objects (ie buckles, pet claws, jewelry etc)
  - \* Common cleaning materials, paints, solvents, nail varnish, dyes and felt pens
  - \* Perspiration, grime, body oils, hair creams and gels
  - \* Avoid use of dyed cloths unless you are sure they are dye-fast when wet
